VIDEO

The screen has 5 cm wide black borders. The format of the viewing area is 4:3.

16 : 10
DATA

The screen has 5 cm wide black borders. The format of the viewing area is 16:10.

16 : 9
WIDE

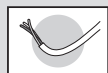

The screen has 5 cm wide black borders. The format of the viewing area is 16:9.

2.35 : 1
CINEMASCOPE

The screen has 5 cm wide black borders. The format of the viewing area is 2.35:1.

Control Options

Installation

5m cable. Needs to be installed by electrician.

Switch

The screen is operated by a 3-positions in-line switch.

Remote Control

The screen is operated by a 3-positions RF remote control.

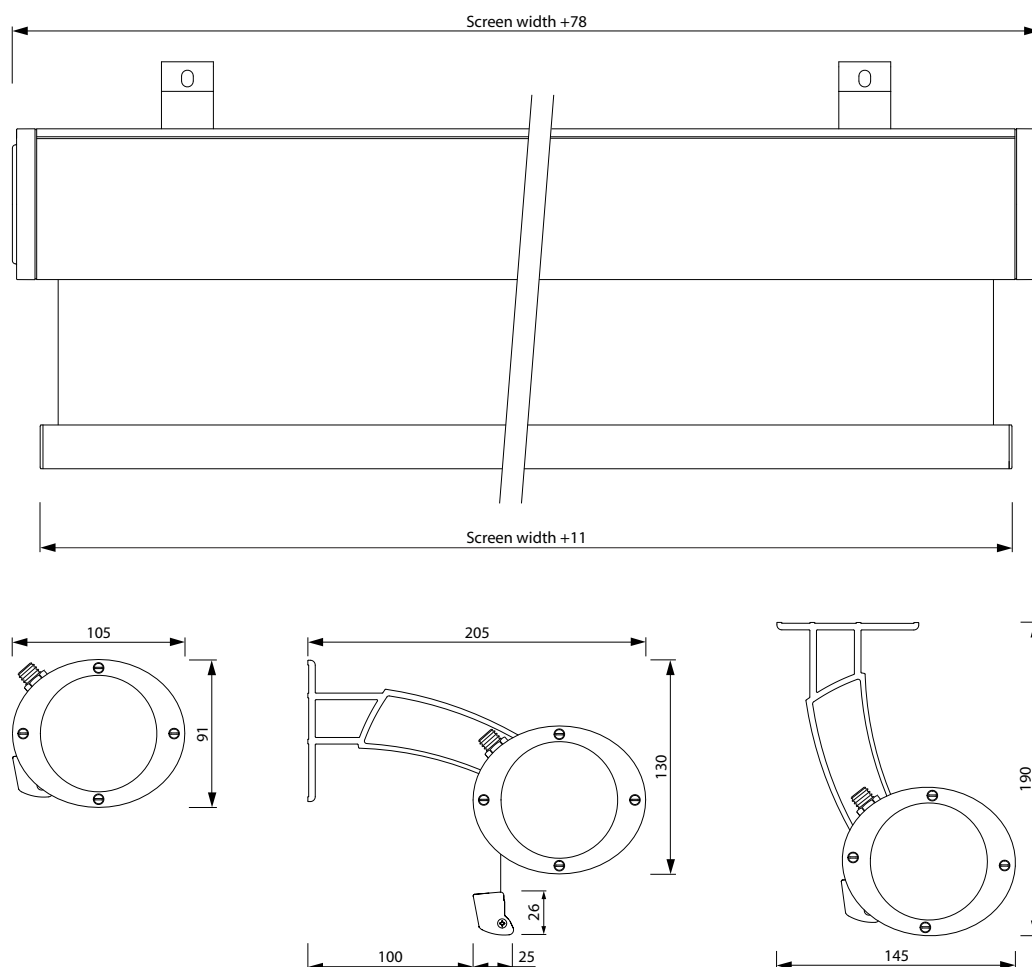

AutoLink

The screen goes automatically down/up when turning the projector on/off.

One Electric is a high quality screen with exclusive design – the architect's choice. It is also very popular as a complement to flat TV's since the "floating" case, made of anodized aluminium, brings the screen in front of the TV. The installation is very flexible with mounting brackets that can be adjusted sideways to preferred positions and the screen can be mounted on the wall as well as in the ceiling. It can be operated by an in-line switch, an IR remote control or automatically by an AutoLink connected to the projector. For system installations it's also available with cable only. All control options are easily connected to the screen via the universal connector on the screens backside.

Screen Dimensions

Example – One Electric Dimensions

Model: OE240

Screen width: 2400mm

Total width: 2400 mm + 78 mm = 2478 mm

Bar width: 2400 mm + 11 mm = 2411 mm

All dimensions in this document are in mm

All weights are gross (total weight including packaging, brackets etc.).

Standard screen material is white. Screens with Greylight, Greyline, ReAct, Rear Projection and Acoustic fabric are available in sizes with maximum height of 2400 mm.

For article numbers with Greylight replace OE by OGE. Example: An 2217-W with Greylight fabric = OGE2217-W

For article numbers with Greyline replace OE by OGLE. Example: An 2217-W with Greyline fabric = OGLE2217-W

For article numbers with ReAct replace OE by OES. Example: An 2217-W with ReAct fabric = OES2217-W

For article numbers with Rear Projection replace OE by ORE. Example: An 200 with Rear Projection fabric = ORE200

For article numbers with Acoustic replace OE by OAE. Example: An 2217-W with Acoustic fabric = OAE2217-W

The first part of the article number indicates the control option; OE = Switch and OEI = Installation. Example: An 1817-V with ReAct fabric for Installation = OESI1817-V
Inline Switch is supplied with euro plug as standard. For UK plug add -UK at the end of the article number. Example: An 1817-V with ReAct fabric and UK plug = OES1817-V-UK

For article numbers with CinemaScope (2.35:1), please see our pricelist.
